

Boulder County Audubon Society Supporting Membership

When you join the National Audubon Society (NAS), you automatically become a regular member of the Boulder County Audubon Society (BCAS) as well. With this regular membership, you can participate in all BCAS activities. You also receive printed versions of the NAS quarterly *Audubon* and of the Sept-Oct and May-Aug issues of the BCAS newsletter *On the Wing*. (All five issues of *OTW* [are available on-line.](#))

However, BCAS receives only a small amount of your dues from NAS to support local activities, too little even to support your subscription to *On the Wing*. We encourage you to become a **Supporting Member** of the BCAS to help support local activities. Supporting Members may request a printed copy of ALL 5 issues of *OTW*. Supporting Members who want to save the paper and cost of printed issues may sign up to receive email notification when a new *OTW* issues is available on-line.

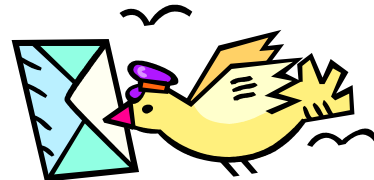

Phone and email are optional
